The most comprehensive of its kind, **Nursing Theorists and Their Work, 8th Edition** provides an in-depth look at 39 theorists of historical, international, and significant importance. Each chapter features a clear, consistent presentation of a key nursing philosophy or theory. Case studies, critical thinking activities, and in-depth objective critiques of nursing theories help bridge the gap between theory and application.

- **Critical Thinking Activities** at the end of each theorist chapter help you to process the theory presented and apply it to personal and hypothetical practice situations.
- **A case study at the end of each theorist chapter** puts the theory into a larger perspective, demonstrating how it can be applied to practice.
- **A Brief Summary in each theorist chapter** helps you review for tests and confirm your comprehension.
- **A Major Concepts & Definitions box included in each theorist chapter outlines the theory's most significant ideas and clarifies content-specific vocabulary.**
- Each theorist chapter is **written by a scholar specializing in that particular theorist's work**, often having worked closely with the theorists, to provide the most accurate and complete information possible.
- Beginning chapters provide a strong foundation on the **history and philosophy of science, logical reasoning, and the theory development process.**
- **Diagrams** for theories help you visualize and better understand inherently abstract concepts.
- **Pictures of theorists**, as well as a **listing of contact information** for each individual, enables you to contact the source of information directly.
- Theorist chapters **have been reviewed and edited by the theorist**, validating the accounts set forth in the text for currency and accuracy.
- **An extensive bibliography** at the conclusion of each theorist chapter outlines numerous primary and secondary sources of information, ideal for both undergraduate and graduate research projects.
- **NEW!** Quotes from the theorist make each complex theory more memorable.
- **NEW! Chapter on Afaf Meleis** profiles a theorist who has shaped theoretical development in nursing and explores her "transition theory."
- **NEW! Need to Know Information is highlighted to streamline long, complex passages and help you review key concepts.**
- **NEW! Points for Further Study** at the end of each chapter direct you to assets available for additional information.
