When opposites attract...

The last thing Jenna Landry wants is to fall in love. The former rock musician is getting ready to start a new job and a new life in LA, and she's only back in her hometown for the summer. Nothing could tempt her to stay any longer than that...not even the sexy doctor next door.

Michael Stone has a reputation for being as cold as ice. So what is it about his free-spirited neighbor that sets him on fire? The straitlaced MD has his hands full with his career and his teenage daughter, and even if he were looking for a relationship, he knows Jenna is all wrong for him.

So why does being with her feel so right?

This is a new release of a previously published edition.
