Decision Making & Problem Solving Strategies (Creating Success) John Adair

There are three forms of applied thinking that everyone needs: decision making, problem solving, and creative thinking. Decision Making and Problem Solving will help readers master the processes of practical thinking that lie behind effective decision making, problem solving, and creative thinking. Using checklists, exercises, and case studies, this book enables anyone to understand key concepts such as: how the mind works, the principles of effective thinking, how to develop a framework for decision making, how to use a simple model for making decisions and solving problems, how to sharpen up creative thinking skills, and how to develop your thinking skills in the future. An expert on management thinking, John Adair will help managers and leaders of all levels ensure that the best decisions are taken, that problems are solved in the optimum way, and that the creative ideas and innovations so necessary for tomorrow's business flow freely.
