In today's western cultures, the typical pregnancy focuses on the baby to the exclusion of the woman herself, so that the entire experience has become more about preparing for the baby's arrival than looking closely at oneself to prepare emotionally for all of the changes that creating a new life brings. *Sacred Pregnancy* was written to help the pregnant woman journey within herself to prepare for the birth of her baby.

*Sacred Pregnancy* is a gorgeous four-color book especially created for mothers-to-be to reflect on the many personal milestones of the full gestation period of a pregnancy. With beautiful professional photos that correspond to each topic, *Sacred Pregnancy* also features a journal space for the pregnant woman to record her thoughts and feelings. Each week the mother-to-be is given information on her baby, her body, and her spirit and is asked to reflect on these via the topic of the week, which touches on a variety of issues such as sexuality, fears about labor, becoming a mother, courage, rite of passage, adornment, body image, meditation, and sisterhood to name a few. Mothers-to-be are invited to look deeply at the issues unique to their journey and find a centered, peaceful place to live their pregnancy fully. Lastly, *Sacred Pregnancy* includes place for the new mother to record her birth story and a large resource section on various birthing options and supports for pregnant women.

“From the spiritual (how to visualize your perfect birth) to the practical (a large section on birthing options), this pregnancy journal is a spiritual adviser and supportive doula all in one.”
