Nick Ceratto, a young, cracker jack litigator looking for a partnership in the prestigious Philadelphia law firm of Maglio, Silvio, and Levin discovers his firm's dark secret for increasing its bottom line while preparing a medical malpractice case for trial. The partners are setting up major cases by seriously injuring and even murdering their clients to produce huge jury awards. When the firm discovers he knows, Nick's only hope is to stay one step ahead of the hitman long enough to intentionally lose his case and expose the firm's corruption. As his mission careens towards an explosive climax, the only question left, is whose lives will be sacrificed along the way.

**BLOOD MONEY** is a classic examination of the duality of the American justice system, its strengths and weaknesses, and the interplay between it and raw ambition.

**BLOOD MONEY** is a disturbing depiction of a system gone wrong, and the one time golden boy who is finally able to understand the bigger picture and remember the oath taken and his dream that was once so clear.

## **REVIEWS:**

*"For anyone who already dislikes lawyers, Blood Money will feed your disdain. It's an insider's view of how the law is played as a dirty business, and how nothing -- least of all, the law itself -- will stop the "worst of the worst" players from getting their way." ~ E.J. Beard, 5-Stars*

*"I must recommend to you Blood Money (an apt title), an excellent book, a real thriller. I just finished the book. Actually I just started it, and then finished it in record time because I could not put it down." ~ Rick Pickwick, 5-Stars*
