History in the Making: The Archaeology of the Eastern Subarctic (Issues in Eastern Woodlands Archaeology) Donald H. Holly Jr.

The Eastern Subarctic has long been portrayed as a place without history. Challenging this perspective, *History in the Making: The Archaeology of the Eastern Subarctic* charts the complex and dynamic history of this little known archaeological region of North America. Along the way, the book explores the social processes through which native peoples “made” history in the past and archaeologists and anthropologists later wrote about it. As such, the book offers both a critical history and historiography of the Eastern Subarctic.
