This guide will show you how to get it right when it comes to lying and how to detect when you're on the receiving end of a lie.

Let's not beat about the bush and pretend we don't do it, because we all lie at some point or other. The least we can do is get it done right and not get caught. That way, we don't hurt someone's feelings by making our lies too obvious.

In the second part of the book we'll find out how to detect lies and expose those trying to fool you. Many of the signs of lying are easy to spot once you get a measure of the person lying to you.
