The Earth and its Peoples: A Global History Jean-Francois Briere, Michele Vialet, Pamela Crossley, Richard W. Bulliet, Daniel R. Headrick, Steven Hirsch

Featuring a beautiful new design, THE EARTH AND ITS PEOPLES, Sixth Edition, presents world history in a balanced, global framework, shifting the focus away from political centers of power. This truly global world history book employs a fundamental theme—the interaction of human beings and the environment—to compare different times, places, and societies. Special emphasis is given to technology (in its broadest sense) and how technological development underlies all human activity.
