"For courses in International Economics, International Finance, and International Trade"

"A balanced approach to theory and policy applications"

"International Economics: Theory and Policy" provides engaging, balanced coverage of the key concepts and practical applications of the two main topic areas of the discipline. For both international trade and international finance, an intuitive introduction to theory is followed by detailed coverage of policy applications. With this new tenth edition, the author team of Nobel Prize-winning economist Paul Krugman, renowned researcher Maurice Obstfeld, and Marc Melitz of Harvard University continues to set the standard for International Economics courses.

This program provides a better teaching and learning experience--for you and your students. It will help you to:

- Personalize learning with MyEconLab This online homework, tutorial, and assessment program fosters learning and provides tools that help instructors to keep students on track.
- Reveal theory and applications of trade and finance via a unified structure Balanced coverage of theory and applications aids student retention and highlights the relevance of course material.
