If you are reading this right now then chances are you are either behind, falling behind, or about to fall behind on some major tasks in your life! But don't be ashamed or upset, you are most definitely not alone. In fact most people today are extremely overwhelmed and struggling just to keep their head above water when it comes to their daily task, let alone any goals they have for their future, business, family or any other desired outcome.

Keeping all of this in mind, you don't have tons of extra time to throw away! This is why it is so important that you gain some invaluable time management, motivational, productivity, and self-discipline techniques. The kicker is you need these strategies to be easy to learn and even easier to implement in your life so they are actually practical and can actually help you in your battle against procrastination. This is why this book was written and I am confident you will gain some absolutely amazing techniques and strategies to get you moving quickly and effectively!

When left to fester and grow on its own, procrastination can result in bigger and more debilitating problems. This is precisely the reason why the best way to deal with it is by taking a more proactive approach in reining it in completely.

Keep in mind, however, that procrastination is a problem that can't be resolved overnight. Rather, rising above it means that you have to be specially committed to get over it by integrating into your day to day lifestyle the techniques and strategies that are designed to boost your productivity and motivation. It takes discipline and hard work to sustain these changes, but once you do, you will realize just how easy it is to live a life free from the negative consequences of procrastination.

The succeeding chapters provide a detailed discussion of what procrastination is, how it comes about, what its effects are, and what can be done to seize your life back.
