James Donaghy

Downton Abbey Episode By Episode: Season 1-5 James Donaghy

To prospective readers: PLEASE do not purchase if you dislike puerile humour, have any common decency or concern for your fellow man. This will not be your thing. The rest of you scumbags: have at it.

ITV's Sunday night leviathan Downton Abbey charges on unstoppably through the Edwardian era. All the sexual repression, class conflict and baffling subplots of Season 1-5 are miraculously recapped, probed and dissected here. Confused by Rose's lust for Black Jack? Wonder what Edith was playing at abducting a helpless child? Ponder whether there really was nothing more ill-bred than trying to steal the affections of someone else's dog? Lose count of the number of men murdered by Lady Mary's vagina?

All these things are definitively settled by TV critic James Donaghy, a long-standing victim/fan of the show who maintains it is at once the greatest and dumbest show currently broadcasting. Ferociously intelligent, disgusting and unremittingly puerile this unique guide autopsies all 43 episodes of Season 1-5, Christmas specials included – everything glorious, compelling and preposterous about Clownton Abbey laid bare with the skills of a surgeon and the heart of an axe murderer.
