The Doors: Unhinged John Densmore

The subject of the book is the “greed gene,” and how that part of the human psyche propels us toward the accumulation of more and more wealth, even at the expense of our principles and friendships and the well being of society. A Rock and Roll Hall of Fame band, THE DOORS, fractured because of this. In his book, drummer John Densmore looks at the conflict between him and his band mates as they fought over the right to use The Doors’ name. At the same time, Densmore examines how this conflict mirrors and reflects a much larger societal issue - that no amount of money seems to be enough for even the wealthiest people.
