Feline Humans: A Timeless Exchange of Love and Light Shaun Swanson, Jefferson Viscardi

This book documents 11 one-hour conversations that took place between a terrestrial human from Earth, (Jefferson Viscardi), and an extraterrestrial human named Arvantis, (who is channeled by Shaun Swanson). Arvantis is part of our galactic family.

"My name is Arvantis. I am an Arkoreun. We live on a green planet with rivers, animals, and trees. Our society is genetically related to yours which is why we also bear some resemblance to you." "The content we share with you in this book can reacquaint you with the inner wisdom and love of your actual nature. This will allow you to let go of discordant assumptions and beliefs about life that have kept your society from realizing your magnificence as the creators of your reality." "With this book, you give us the honor and unprecedented opportunity to be a part of your history and to also co-create a third new reality in which your hearts and ours can resonate together in nurturing and wonderfully enriching ways."

"Ahr in tor kai mor ren"!

(Translation from Arkoreun to English: "There is much love in our hearts for your world.")
