## **Journey** James Michener

Journey, a novel by James Michener, was expanded from a section originally cut from his large novel Alaska. The book depicts five men, one of whom was an English Lord, journeying in 1897-98 from Great Britain through Canada to Dawson, Yukon, for the gold rush taking place. According to the novel's afterword, the section was cut from the original book because Alaska already contained a chapter on the Alaskan side of the gold rush and that the chapter that eventually became Journey was irrelevant. It was decided that the chapter could stand on its own as a short novel, and Michener donated the Canadian royalty earnings from the novel to endow the Journey Prize, an annual Canadian literary award for the best short story published by an emerging writer.[1]
