PERSONAL EVANGELISM: Knowing God and Making Him Known Scott Stephens

This book is written for the Christian having a friend or loved one whom they greatly desire to come into a relationship with Christ, but who feels inadequate to share their faith. The Bible says, "...the gospel is the power of God unto salvation." Effectively sharing your faith, however, involves more than just proclaiming the gospel. If you want the message of the gospel "to stick" and bear fruit that remains, it must be imparted through relevant and engaging revelation. As intimated in the title of the book, Personal Evangelism: Knowing God and Making Him Known, the gospel must first be a "revelation" to you if you are to "reveal" it to others.

This book will equip you with revelation knowledge to confidently and effectively lead your friends and loved ones to receive eternal life. This is not a compilation of nebulous, religious details. This is evangelism that works—practical, solid gospel that brings true understanding and relevant, godly transformation. You will discover much more than revelation contained within the gospel message. You will learn the importance of preparation, as well as the power of prayer, and the role of the Holy Spirit and your cooperation with Him. Your presentation of the gospel is concept-driven. The Scriptures detailing and revealing these concepts that you will share in your own words are laid out for you in this book. You will not just understand "what" you are to present to your friends and loved ones; more importantly, you will understand "why." Finally, you will learn how to skillfully close the deal. Closing the deal, however, does not end after leading them in a prayer to receive eternal life, and a profession of faith. You will also be given follow-up tools and instructions to get your friends and loved ones headed in the right direction so that they can immediately begin to grow and access the benefits afforded them by their relationship with God.

When you finish the book, you will see that the gospel message is not complicated, but simply profound. And once you understand it, it is so easy to share with your friends and loved ones.
