Excerpt from A Glossary of Silk Terms

We present a carefully compiled and, we believe, very complete and reliable Glossary of the many distinctive terms employed in the silk trade, to date, as applied to weaves, styles, figure and color effects, also trade names, etc., with brief description and derivation of same, for convenient use by manufacturers, handlers and consumers of silk goods, foreign and domestic.

This modest booklet, which has been brought to the notice of a number of acknowledged experts, for full and free criticism, and revision, before publication, cannot fail to prove of value for handy reference in the mill, the commission house and in wholesale and retail silk departments everywhere. In this belief we send it forth upon its mission to the silk manufacturers and trade.
