The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs)

Rudolf Taschner

In this small text the basic theory of the continuum, including the elements of metric space theory and continuity is developed within the system of intuitionistic mathematics in the sense of L.E.J. Brouwer and H. Weyl. The main features are proofs of the famous theorems of Brouwer concerning the continuity of all functions that are defined on "whole" intervals, the uniform continuity of all functions that are defined on compact intervals, and the uniform convergence of all pointwise converging sequences of functions defined on compact intervals. The constructive approach is interesting both in itself and as a contrast to, for example, the formal axiomatic one.

From reader reviews:

Lauren Graves:

This The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) book is not really ordinary book, you have it then the world is in your hands. The benefit you receive by reading this book is usually information inside this guide incredible fresh, you will get details which is getting deeper anyone read a lot of information you will get. This particular The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) without we realize teach the one who reading it become critical in pondering and analyzing. Don't become worry The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) can bring once you are and not make your carrier space or bookshelves' become full because you can have it with your lovely laptop even mobile phone. This The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) having great arrangement in word as well as layout, so you will not feel uninterested in reading.

Jose Johnson:

The knowledge that you get from The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) will be the more deep you excavating the information that hide in the words the more you get thinking about reading it. It doesn't mean that this book is hard to know but The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) giving you excitement feeling of reading. The copy writer conveys their point in specific way that can be understood by means of anyone who read the item because the author of this guide is well-known enough. This particular book also makes your vocabulary increase well. Therefore it is easy to understand then can go along, both in printed or e-book style are available. We highly recommend you for having that The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) instantly.

Ann Amos:

Playing with family in a park, coming to see the coastal world or hanging out with friends is thing that usually you might have done when you have spare time, and then why you don't try matter that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs), you may enjoy both. It is very good combination right, you still wish to miss it? What kind of hang type is it? Oh can happen its mind hangout guys. What? Still don't understand it, oh come on its identified as reading friends.

Carmen Dana:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book was rare? Why so many question for the book? But virtually any people feel that they enjoy regarding reading. Some people

likes reading through, not only science book but also novel and The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) or perhaps others sources were given know-how for you. After you know how the truly amazing a book, you feel wish to read more and more. Science publication was created for teacher or even students especially. Those ebooks are helping them to put their knowledge. In different case, beside science guide, any other book likes The Continuum: A Constructive Approach to Basic Concepts of Real Analysis (Vieweg Monographs) to make your spare time more colorful. Many types of book like this.
