After Noah's Flood the earth and its climate were undergoing drastic changes. The stage has been set for the Great Ice Age. Noah's descendants had to learn how to survive in a strange often hostile land. In part one of *Life in the Great Ice Age*, we'll spend summer with Jabeth and his family as they survive a saber-toothed tiger attack, battler cave bear, and go on a woolly mammoth hunt. Part two explains the scientific reasons for the Ice Age: what caused it, and how long it lasted. It answers the question, "Will there be another Ice Age?" Archaeological and fossil finds are also discussed in detail in this exciting book that explains the Great Ice Age from a Biblical perspective.
