For millennia, the Sentinels have hunted the vampires with steel and magic...

Alexandria, Egypt, 2008. Antonio is the Wind of Fire, the strongest Sentinel of that element, the most powerful spellcaster of his generation. Edgar is a capable Fire Sentinel in his own right, and serves as Antonio's lieutenant. Together, the two of them were chosen for a very special mission: to scout out the vampires' greatest citadel in preparation for the Sentinels' final assault. Their actions that night will set in motion a destructive chain of events that will echo across supernatural society for generations...

About the Books: The Pact Arcanum Saga is best described as near-future space opera/paranormal romance. Basically, it's about vampires and vampire hunters, with the odd spaceship thrown in. This comic book adaptation seeks to bring those novels to a new visual medium. Volume One contains the first three issues of the comic book.
