Our society is changing. An increasing number of gay couples are having children through adoption and surrogacy. At some point you should explain to your child about same-gender parents. I have written this book as an educational tool to help people understand that families come in a variety of different combinations. If you can, please buy two books - one for your child and one to give away as a present or donation to a school or library - so that, together, we can educate parents, children and the community and make the world a better place.
