World Building Tips Volume 1 Deborah Teramis Christian

This book is jam-packed with solid world building how-to and tips on every page. It is a compilation of weekly tips that have gone out to the World Building Academy list members for half a year. These tips will not be repeated online and are now available only in this book. World Building Tips covers points ranging from structural meta-considerations, to a hands-on geography development process, to things like illness, games, and global weather. The book includes a brief commentary by Jacqueline Lichtenberg, award-winning author of the Sime-Gen series of novels, who says of this book,

“This is an excellent primer in worldbuilding. It shows you all the disciplines to read up on or take courses about and what precisely to watch for as you study.”
