Can a curvy city girl fall for a country bear...or will their pasts tear them apart?

Scarlett never expected to find herself this far from civilization, but the small town of Strykersford holds the secret of her dad's death. She never expected to find herself in the arms of the biggest, strongest, sexiest man she'd ever seen...but he's not going to be serious about a curvy girl like her, right?

\*

As soon as Max felt her body against his, he knew she was his fated mate. She has an idea of what he is – but will she run screaming as soon as she finds out the truth? And when she finds out the connection between their fathers, will that destroy everything they've built?

They may not get a chance to find out...their shared past is coming back to haunt them and, unless they can figure this out, they could both wind up dead...
