Astrology, Plain & Simple: The Only Book You'll Ever Need Cass Jackson, Janie Jackson

Everyone reads their horoscope in the newspaper and online; however few really understand very much about astrology. To the uninitiated, astrology can seem rather daunting. All those measurements, degrees, and logarithms--what's simple about it? This wonderful introduction demystifies a topic that everyone knows a little bit about and provides a basic framework for understanding it.

The Jacksons' easy and straightforward approach explains how you can learn more about yourself and those around you through the zodiac. They also explore some more esoteric topics in astrology, including trines, aspects, and conjunctions. Look up the characteristics of each sun sign, create a birth chart, find out your rising and moon signs, and more.

Illustrated with line drawings and charts, this plain and simple guide will be received enthusiastically by the novice and the experienced alike.

This book was previously published by Sterling in 2005 as *Simply Astrology*.
