Very few television programmes make it to their fiftieth birthday. But then, Doctor Who is just a little bit special. From its humble beginnings being recorded in a tiny studio on 405-line black and white video cameras with a minuscule budget, to its latest incarnation on HD as one of the BBC's flagship dramas, Doctor Who has always moved with the times, and often reflected them. For the last five decades, the series has inspired and engaged audiences in a way that no other television programme has ever managed. For more than 26 years, the original series delighted children of all ages with its unique blend of sci-fi and horror, excitement and scares, cliffhanger storytelling and, above all, monsters. As the programme grew, so we grew with it, absorbing its pleasures in diverse and changing ways. As it enters its anniversary year, Doctor Who is more popular than ever before. This wholly original blend of science fiction concepts and magical storytelling, updated for the 21st century, is delighting a whole new generation of fans, alongside those of us who waited patiently for the inevitable regeneration. *You and Who: Contact Has Been Made* is a record of how that relationship began, how it continues, and of how we have experienced those fifty years, as written by the show's own fans. This combined edition of *You and Who: Contact Has Been Made* features a reduced print size necessary to include both volumes in one book, and includes two brand new replacement essays not featured in the first edition of Volume One, as well as several brand new essays bringing the book up to date with Doctor Who's fiftieth anniversary programming. 100% of the royalties from *You and Who* will be donated to Children in Need.
