Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future

Tim Flannery

Now or Never: Why We Must Act Now to End Climate Change and Create a Sustainable Future Tim Flannery

In *Now or Never*, the internationally acclaimed author of *The Weather Makers* returns to the subject of climate change with a book that is at once a forceful call to action and a deeply (and often surprisingly) pragmatic roadmap toward sustainability. Utilizing the most up-to-the-minute data available, Tim Flannery offers a guided tour of the environmental challenges we face and their potential solutions in both the big picture and in specific detail. He explores everything from techniques for storing the carbon that dead plants release into the earth to the fragile balancing act between energy demands and food supply in India and China, from carbon-trading schemes in South America to a recent collaboration between a Danish wind-energy company and an automobile manufacturer that may produce a viable electric car and end the reign of big oil. *Now or Never* is a powerful, thought-provoking, and essential book about the most urgent issue of our time. It burns with Flannery's characteristic mix of passion, scientific precision, and "offhand interdisciplinary brilliance" (*Entertainment Weekly*).
