Contemporary Chinese Political Thought: Debates and Perspectives (Asian In The New Millennium)

Contemporary Chinese Political Thought: Debates and Perspectives (Asian In The New Millennium)

Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely. But they are less certain about the future of China's political system. China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system. The Chinese, however, have developed their own version of capitalism. Westerners view Chinese politics through the lens of their own ideologies, preventing them from understanding Chinese goals and policies.

In *Contemporary Chinese Political Thought: Debates and Perspectives*, Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation. Investigating such topics as the popular "China Model", the resurgence of Chinese Confucianism and its applications to the modern world, and liberal socialism, the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call "a dismantling of ideological straitjackets." Comprising a broad range of opinions and perspectives, *Contemporary Chinese Political Thought* is the most up-to-date examination in English of modern Chinese political attitudes and discourse.

Features contributions from Ji Wenshun, Zhou Lian, Zhao Tingyang, Zhang Feng, Liu Shuxian, Chen Ming, He Baogang, Ni Peimin, Ci Jiwei, Cui Zhiyuan, Frank Fang, Wang Shaoguang, and Cheng Guangyun.
