Teach Yourself Postmodernism Glenn Ward

Are there no new ideas to be invented? Are today's ideas really just borrowed from previous times? Postmodernism says this is so, and it's one of the hottest philosophies of today. The book provides an indispensable guide to this often-demanding terrain for readers encountering theories of postmodernism for the first time and places the subject in a broad context. It introduces a wide range of ideas, thinkers, and views yet maintains the readers' focus by linking theory with concrete examples from both "high" and "popular" culture. After completing *Teach Yourself Postmodernism*, readers will never look at their world the same way again.
